Subject:- Incorrect calculation of JE(T) vacancies in CNTX (North – reg.)

Sir,

It is reported that the vacancies in JE(T) Cadre have not been calculated correctly in the circle. The mistake is similar to JTO (T) Cadre which has been corrected upto some extent. According to information the strength of JE (T) in CNTX (N) has been counted in a combined way for all circles instead of Delhi alone. This is reason for surplus picture in JE. Factually working strength is less than the sanctioned strength of 35.

Kindly, therefore, get the in matter reconciled on overriding priority basis.

Thanking you,

Yours faithfully,

(Chandeshwar Singh)
General Secretary
