A well attended meeting was held on 4-5-2016 under the chairmanship of Com. V.D. Pande at GM office premises. It was addressed by Comrades Moolchand Prajapati, Circle Secy. Snatta, Gulabrai (Circle UP), Anil Rai (ACS) besides Com. Islam, President NFTE. Com. K.M. Mishra conducted the meeting Com. Sheetal Singh, D.S. mentioned about misdeeds and lies of the BSNLEU. Com. Rai explained how the BSNL employees have lost many benefits in wage revision, NEPP and other financial benefits during the recognized period of BSNLEU.

Com. Moolchand told that BSNLEU have given much pains to D/R TTA in wage revision, NEPP and in holding of LICE for promotion to JTO cadre. It is NFTE which gave healing touch to DR pains and solved all the problems of TTA and fulfilled their promises made in the last election. TTAs are with NFTE and GS, Snatta has aligned with BSNLEU undemocratically and that too who harmed us in the past. He appealed to TTAs to support NFTE in verification.

In his address Com. Islam said it is wrong to say that NFTE has not participated in the struggles. Factually NFTE has participated in all struggles but it is BSNLEU which has not participated in 3 days strike of September, 2000. NFTE secured job security and Govt. pension guarantees from the govt. The employees could not get PLI for 2014-2015 due to fact that GS BNSEU boycotted the meeting instead of negotiation for the amount. It is blatant lie that offered amount was in one or two digits. Com. Islam firmly told that the wage revision in 2017 will take place and NFTE will bring two Saturdays as holidays for BSNL staff like Banks. NFTE will strive hard to secure encashment of leave facility for D/R staff. NFTE has solved many problems in last three years viz designation change, wage erosion, holding of Deptt. Exams. including JTO LICE. The work culture is improved and today company is in operational profit of more than Rs. 1000/- crores. He explained various issues and said. Today, BSNLEU leaders are in panic as wind of change is fast blowing and they have started abusing NFTE leaders which may become hurdle for joint movement in crisis.

He advised to work hard to win but no need of provocation from NFTE side.
