

On 23-03-16 our All India President Com. Islam addressed a well organized well attended evening election campaign meeting at Villupuram of Cuddalore SSA (Tamil Nadu) In the meeting leaders from our alliance partners SEWA, PEWA along with Tamil Nadu Circle Office bearers All India Spl. Invitee Com. P. Kamarj, All India Secretary Com.G. Jayaraman, Cuddalore District Secretary Com.R. Sridhar spoke.

Com Islam in his calm and well narrative speech questioned why during 2004 -2013 in its sole bargaining capacity the representative Union did not do anything but stood as a silent spectator of losing our hard won rights and benefits. The stalemate is being broken only when NFTE got recognition even as in a second position.

Be it the TTAs' wage loss, advance increment, cadre name change, everything is being settled when NFTE got a role to play in. We fulfilled all our promises to our SNATTA friends that we gave in the last election. Bonus is our legitimate right. The other union not even has the guts to demand it. But we do it, starting with demanding adhoc Bonus, with a sole purpose of breaking the hard ice.

The other union is started belittling me, but do not bother about it, all because of their dejection mood. By touring through the Districts of Tamil nadu I have the impression that we are definitely going to get around 60% votes. So comrades I request you to move confidently, work hard united and consolidate. The victory is ours. Thank you for your reception comrades.
